

# Now integrated with Quick-PD. No more ticket data entry.

# Are you tired of using an old outdated piece of software to manage your court?

Quick-Court's criminal system is an advanced, highly stable, <u>Windows</u> based criminal case management system.

Quick-Court Offers:

- \* Efficent ticket entry
- \* Integrated online payments
- \* Interactive docket
- \* Auto disburse payments
- \* Ledgers to track partial payments
- \* Detailed reporting
- \* MS Word based forms
- \* And Much Much More!

# Online Payments Menu Create Data To Upload Upload Data To Web Site Download Payment Information Report Payment Information Exit

# Do you spend too much time on the phone related to online payments?

Use www.quickcourt.biz for online payments-save valuable time and improve cash flow!

\* Our servers allow you to upload unpaid tickets so they can be paid online.

\* You define which violations can be paid online.

\* Tickets paid online are available from the payment posting screen leading to quick and easy payment posting and disbursments!

\* There is also 24/7 reporting available on which tickets have been paid.

### Are you noticing you are spending more time fighting with your computer system instead of concentrating on the task at hand?

Quick-Court makes disbursing payments easy. The system allows you to setup how much money goes to each agency/department, by category and violation! This takes the complication out of disbursing the payments and you are able to get the payment posted and disbursed in just a matter of seconds. This is just one example of how Quick-Court helps you complete the job at hand.

### Having trouble tracking partial payments?

Quick-Court has the solution.

\* Each ticket in the system has its own ledger.

\* Allows you to disburse the fees at the time of entering the ticket.

- \* Pay fees sequentially based on the payment amount.
- \* Ledger allows for adjustments and custom notes.
